

inspection of Customer's facilities to check for illegal connections or unsafe plumbing practices or cross connections, in compliance with the requirements of the Texas Natural Resource Conservation Commission's "Rules and Regulations for Public Water Systems."

The Customer will install, at his own expense, a service line from the water meter to the point of use which includes a cutoff valve on the Customers side of the water meter. The Customer will be responsible for maintenance and repair of the service line. The use of pipes or pipe fittings that contain more than 8.0% lead or solders and flux that contain more than 0.2% lead is prohibited for any plumbing installation or repair of any residential or non-residential connection which provides water for human consumption and connected to the water supply. The Customer shall hold the Utility harmless from any and all claims or demands for damage to real or personal property occurring from the point the Customer ties on the water meter to the final destination of the line installed by Customer.

The Customer agrees to grant to the Utility an easement/right-of-way for the purpose of installing, maintaining and operating such pipe lines, meters, valves, and any other equipment which may be deemed necessary for the provision of Utility Service to that Customer. The Utility will attempt to restore the Customer's property to its original condition after installation and repairs. This easement may be in such form as is required by the Utility. The Customer agrees not to interfere with the Utility's employees in the discharge of their duties. The Customer will not permit anyone except the Utility's employees to tamper with or interfere with any of the equipment installed on the Customer's premises.

**Commercial Applicants (Customers)**

1. Please describe the commercial operations to be served.
2. Will these operations place unique, non-standard service demands upon the system or require any special facilities?

\_\_\_\_\_ No \_\_\_\_\_ Yes If yes, please describe:

The applicant has been shown a copy of the utility's Texas Natural Resource Conservation Commission approved tariff and agrees to pay the rates in the tariff and abide by the requirements in this application.
